

## 2019-20 SENIOR PICTURE & DEADLINE INFORMATION

- Must be a formal headshot, school appropriate photograph.
- Boy's Formal shot= jacket, tie, shoulders up photo, no hats
- Girl's Formal shot= drape/conservatively formal shoulder up photo
- Make your appointments early (May-June). Keep in mind that proofs and final prints take a while to process!!!
- IF your senior portrait is not delivered to Red Land by Friday, September 20, 2019, your photograph **WILL NOT** appear in the yearbook. This is not an arbitrary deadline.
- Camera Box is our unofficial official school photographer: You pick your proof for the yearbook, and they **WILL** be delivered directly to us. You are not required to go here, but doing so guarantees delivery and ensures that your photograph blends well with the senior section of the book.
- Black and white photographs, as well as photographs with dark backgrounds or extreme contrast will appear to be different from the photos in the rest of the senior section---we will not be responsible for the way that your photograph looks in the book if you choose to get your formal portrait taken with these circumstances.
- If you neglect to get your senior picture taken, we are **NOT** able to use your "school photo" taken for your ID. These photos will not be used since they are not available until after the deadline for the senior portrait section.
